Dear \_\_\_\_\_:

The \_\_\_\_\_ Lions Club wishes to inform you that it has the capability of performing pediatric eye screenings of children. Members of our Lions Club have been trained in the use of the Spot Vision Screener and are available to perform screenings at your location at any time. We can screen children from months and up.

The vision screener we use is capable of screening for Astigmatism, Myopia, Hyperopia, Anisometropia, Strabismus, Amblyopia, and Anisocoria. The individual screening takes just a few seconds and is performed from a distance of about three feet. There is no physical contact with the child and no eye drops are administered. Our equipment provides a print-out of the results for each individual which is given to you for forwarding to the parent. We provide parent consent forms and cover letters for you to send to the parents prior to the screening date.

It is important to understand that this is only a screening and does not constitute an examination or diagnosis of vision problems.

This service is offered free of charge by the local Lions Club under the KidSight Program administered by the Kentucky Lions Eye Foundation. If the children at your facility do not currently receive regular eye screenings, please contact me to discuss how and when we can provide this vital service.

I can be reached at \_\_\_\_\_

Sincerely yours,

KidSight Volunteer
